## Product Review Excerpts

<b>Favorable Review Excerpts</b>	<p>5 May 18, 2020</p> <p><b>Instana is a great APM product</b></p> <p>Everything has been very smooth. The trial period (we tested Instana against DataDog) went smoothly and everyone liked the ease of setup and layout with Instana. The price point was better than ...  <a href="#">READ FULL REVIEW</a></p>	<p>5 Nov 1, 2019</p> <p><b>ManageEngine - why haven't you contacted them yet?!! They're AWESOME!!!</b></p> <p>Our experience with ManageEngine began just a few months ago. We were looking for an alternative to Microsoft's System Center Configuration Manager (SCCM). We began evaluating ManageEngine's ...  <a href="#">READ FULL REVIEW</a></p>	<p>5 Sep 24, 2019</p> <p><b>SteelCentral APM - End-To-End - High Definition - Deep Dive</b></p> <p>I have extensive experience implementing the SteelCentral AppResponse Xpert (ARX), AppTransaction Xpert (ATX), AppInternals Xpert (AIX), and Portal tool-sets in large complex environments, ...  <a href="#">READ FULL REVIEW</a></p>

"Willingness to Recommend" is calculated based on the responses to the question "Would you recommend this product to others?" The options include "yes," "yes, with reservations," "I don't know" and "no." The percentage is calculated as number of "yes" responses divided by total responses for the question.

"Favorable" and "Critical" user reviews are selected using the review helpfulness score. The helpfulness score predicts the relative value a user receives from a given review based on a number of factors. Factors may include the content in the review, feedback provided by other readers, the age of the review, and other factors that indicate review quality. The favorable review displayed is selected from the most helpful 4 or 5 star review. The critical user review displayed is selected from the most helpful 1,2 or 3 star review.
